MEMBERSHIP

Build UK does more than represent the UK construction industry; we work with our members and partners to drive change that strengthens the sector.

As the industry's champion promoting the value of construction and providing influential and dynamic leadership, Build UK is transforming the delivery of construction projects for the benefit of the industry, its clients and the UK economy.

THE VOICE

OF THE CONSTRUCTION INDUSTRY

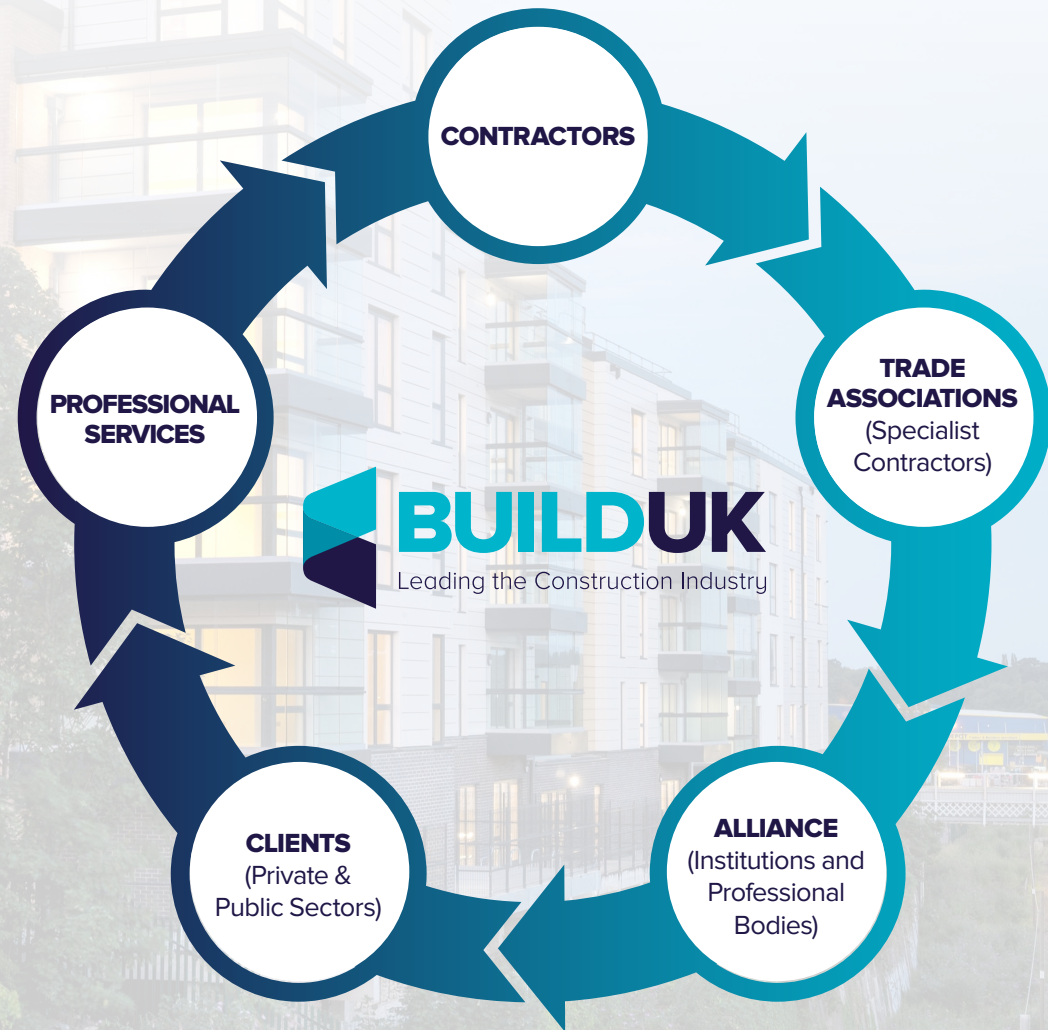

“Construction underpins our economy and society. Few sectors have such an impact on communities across the UK or have the same potential to provide large numbers of high-skilled, well-paid jobs. ”

**Industrial Strategy:
Construction Sector Deal**

WHO WE ARE

Build UK brings together organisations from across the construction sector, representing more than 40% of the industry.

Our members include Clients, in both the private and public sectors; Main Contractors; Trade Associations representing a wide range of Specialist Contractors; Professional Services; and other organisations committed to industry collaboration.

HOW WE WORK

We bring together the right people, with the right skills and knowledge, to deliver change on key industry issues by developing and implementing solutions that work for everyone.

OUR PRIORITIES

Improving Business Performance

Driving sustainable growth in construction.

Increasing Productivity

Adopting more effective ways of working to deliver better project outcomes.

Recruiting, Training & Retaining Talent

Securing the right skills for the industry now and in the future.

Find out more about the work we are doing on the [Build UK website](#).

DELIVERING
CHANGE

“We have greatly valued the leadership Build UK is demonstrating on some of the more challenging and difficult industry issues like payment and pre-qualification. We think this marks a step-change on what has gone before.”

**Fergus Harradence, Deputy Director,
Infrastructure, Construction & Rail, DBT**

KEY ACHIEVEMENTS

- The guidance and support we provided during the **COVID-19 pandemic** kept the construction industry open, with 99% of sites adopting the Site Operating Procedures.
- Our guide to the **building safety regime** is ensuring all members are kept up to date on the new requirements and their responsibilities.
- Our benchmarking of **payment performance** has directly contributed towards improved payment practices in the industry and new payment requirements being introduced on public sector contracts.
- The **recommendation on contract terms** sets out a new normal for contractual practice, promoting collaboration, encouraging a fairer allocation of risk and delivering better project outcomes.
- The Common Assessment Standard is improving efficiency and reducing cost in the **pre-qualification** process, with a growing number of organisations across the private and public sectors now using it.
- **Open Doors** has taken thousands of people behind the site hoardings to inspire them to choose a career in construction.
- An agreed standard for the **colours of safety helmets** has resulted in consistency across the industry and a focus on the role of supervisors on site.

“Build UK has shown great leadership in reporting payment performance, which has clearly helped to transform behaviour in the sector.”

**Dr David Hancock, Construction Director,
Infrastructure & Projects Authority**

OUR MEMBERS

- **CONTRIBUTE** to the development of solutions to long-standing industry issues
- **COLLABORATE** across the supply chain by sharing ideas, innovation and success
- **DEMONSTRATE** leadership by adopting new ways of working and agreed best practice
- **DELIVER** a collective view to Government and other stakeholders

“We fully support the great work Build UK does and the pivotal role it plays in shaping our industry. Its leadership and support on the key issues we face is invaluable.”

**Stuart Robinson, Managing Director,
Lyndon SGB**

MEMBER BENEFITS
